1

Do you enjoy your fireplace as often as you like? Didn't think so. That's why you should probably get a natural gas fireplace. Because if you can turn your wrist, you can have a fire. For less.

2

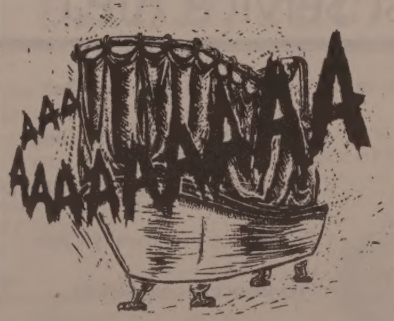
If you've ever thought, "Ya know, there just isn't enough time in a day", you'll be happy to know that natural gas dryers are faster. So they help you get your laundry done sooner. For less.

WILL YOU RESPOND TO BOX NUMBER ONE, BOX NUMBER TWO, BOX NUMBER THREE OR BOX NUMBER FOUR? (UNLIKE CERTAIN GAME SHOWS, YOU CAN PICK ALL FOUR.)

The more gas appliances you have, the more comfortable you'll be, and the more money you'll save. So, which box should you respond to? The one with the phone number down below. Thank-you and bye-bye! (Can't you just hear the game show music?)

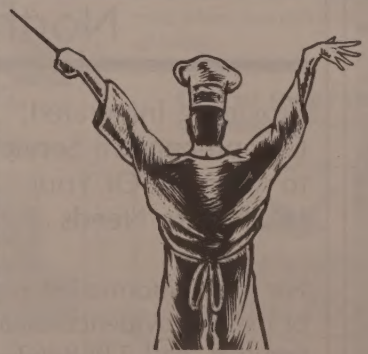
Northwest Natural Gas

3



Unless you happen to enjoy taking cold showers, you'll love having a high-efficiency natural gas water heater for your home. It's faster, more reliable and heats water for less money.

4



More control of temperature. Even distribution of heat. Instant on. Instant off. Not only can you perform like a gourmet cook on a gas range, your range performs too.

When the Astoria Column was completed on July 22, 1926, we were there to record the event. During construction the newspaper kept Astorians informed of the progress, every step of the way. All 164 of them!

A Part of Your Life For 122 Years

The Daily Astorian has been serving the North Coast communities since 1873. Your local daily newspaper is the real thing - bringing together customers and retailers.

The Facts:

- The Daily Astorian provides you with an audited circulation of paid subscribers who invite your local newspaper into their homes each day, Monday through Friday.
- One ad on just one day in The Daily Astorian reaches over 20,900 people. One ad run everyday for a week makes more than 100,000 positive impressions.
- The daily newspaper is the marketplace where buyers look for sellers. For many consumers, when your ad is not in the daily newspaper to be regularly read and compared, you stop existing as a shopping option.
- And . . . The Daily Astorian can save you money. Special sections and package rates allow you to target your advertising to the buyers you want - five days a week.
- For more information on how your local daily newspaper can work for you, please contact your sales representative at The Daily Astorian, or call 325-3211.

THE DAILY ASTORIAN

GETTING BETTER TOGETHER...

For more than 100 years, Columbia Memorial Hospital and its predecessors have provided quality health care to the Lower Columbia area.

Look at our firsts - first rural trauma center in the state, ***first CT scanner on the North Coast,*** first accredited mammography program in the region, ***first birthing center in the area,*** and more than 360 babies each year.

We're still working harder to make things easier for you. Better, more convenient health care is next on the agenda with a 1.5 million dollar renovation of our emergency and radiology departments.

More space = more privacy and faster treatment for everyone.

Why are we making this investment in the future?
Remember, we live here, too.

"100 Years In Clatsop County"

CAVENHAM FOREST INDUSTRIES traces its origins in Clatsop County through predecessor companies to 1887. Cavenham's Warrenton Wood Products mill and 174,000 acres of forest land in Clatsop County provide quality products to world markets while contributing to the local economy.

Healthy forests with abundant fish and wildlife habitat are essential to the success of Cavenham's long term investments. Our practice of sustainable forestry assures that both the forest and the wood products we need are here for future generations.

TICOR TITLE INSURANCE

Helping To Build The Community Since 1890

When this drawing of the Astoria Column appeared in The Morning Astorian in 1926, we were already 36 years old as a business.

Originally founded Feb. 28, 1890 as Astoria Abstract Co. Our name was later changed to Pioneer National Title Insurance. In 1983, the company became Ticor Title Insurance.

Since our title plant was established in 1890, it has been updated daily to better serve the residents of Clatsop County. We offer complete title, escrow and collection escrow services.

GREENWOOD CEMETERY

Rt. 1, Box 901

Greenwood Cemetery, located on a gently rolling plateau overlooking Youngs River, has served North Coast families since its incorporation in 1891. Until 1915, funeral processions and visitors came to the cemetery by steamer, rather than endure the rugged "puncheon" road, built by split logs. As the custom of visiting Greenwood on Memorial Day grew, several vessels made the holiday voyage, sometime towing barge loads of visitors armed with maintenance tools, flowers, and picnic lunches.

The era of water-borne funerals closed with the completion of the rock road that eventually became Highway 202. The pilings that remain in the river from the Greenwood dock combined with pioneer monuments are a memory of the area's formative years.

Greenwood Cemetery today is a perpetual care cemetery dedicated to MEETING THE NEEDS OF TODAY'S FAMILIES.

Gearhart GOLF LINKS

103 Years

Gearhart Golf Links

Although records indicate that the golf course at Gearhart was established in 1892, tradition has it that several Scotsmen laid out four holes on the windswept dunes in the 1880's. Gearhart is reputed to be the oldest course on the West Coast.

Originally a 9-hole course, it was extended to 18 in 1913. Today the course is 6,148 yards, par-72 and stretches for about a mile from north to south, the width equaling about three fairways. The elevation is fairly constant. The up and down roll of the sand dunes over which the course is built makes a flat lie a rarity. Its sand base makes for excellent drainage, and the encircling condo-motel units provide considerable shelter from the coastal winds. The course is generally wide open, easy to walk, and a pleasure to play.

"1910" 9 hole course

Gearhart hotel at edge of golf course • 1926

Today's 18 hole course

In the early days, Gearhart was the Golf Capital of the Pacific Northwest. At the time, the fairways were mowed by sheep. Players and spectators traveled by boat and the Spokane, Portland and Seattle train to participate in tournament extravaganzas. The SP&S was known as the "Daddy Train" so called because it brought husbands to the coast on weekends to be with their families.

The Oregon Coast Golf Tournament was started at Gearhart in 1910 and continued there until 1951 at which time it was transferred to the Astoria Golf and Country Club.

In reviewing the history of the Gearhart course we find in the American Annual Golf Guide of 1929 the charge was 75¢ per day. Sunday was play permitted and caddies were available.

The Founders Corporation was the original owner of the course. It was sold to Barney Lucas in 1939. It changed hands several times before 1969, when it was purchased from Roy and June Maden by the present owners, Orson A. and Olive E. Kelly.

This picture was taken in 1892, shortly after Sven A. Gimre opened S.A. Gimre Shoemaker, originally located between 11th & 12th on Bond Street.

GIMRE'S SHOES - THE OLDEST FAMILY OWNED SHOE STORE ON THE WEST COAST.

Sven A. Gimre founded S.A. Gimre Shoemaker in 1892. He made and repaired shoes on Bond Street, located between 11th & 12th Street. Their current Astoria store, located at 239 14th Street has been in that same location since just after the great Astoria Fire of 1922 that destroyed their 2nd store located on the corner of 12th & Marine Drive.

Sven Gimre passed on the family business to his sons Kermit and Anders Gimre. During the 50's Kermit and Anders built the business into a chain of seven stores around the State of Oregon. Eventually all were sold or closed except for the store in Astoria.

Kermit still stays active in the business and has for over 60 years, but has since passed the Shoe Store to his two sons, Jon and Pete Gimre. In the Astoria store, you'll find Virgil Mills who has been Gimre's manager for 28 years.

Gimres grew in 1985 when they opened a store in downtown Hillsboro. Gimres newest store is in Seaside which opened in 1990.

Gimre's is now the oldest family owned shoe store on the entire West coast and quite possibly the country.

The entire Gimre's Shoes staff carry on the same fine tradition of quality shoes and service that Sven started 100 years ago, and that tradition continues to keep Gimre's Shoes in business today.

Gimre's is proud to have serve five generations of north coast's shoe needs.

Bank of America

Bank of America offers Clatsop County businesses and consumers a full range of innovative services to meet their financial needs. Its Astoria and Seaside branches are managed locally, yet provide the resources of one of the nation's largest and strongest financial institutions.

Focusing on quality service and convenience, Bank of America offers a full range of financial services and products that are responsive to today's market place - from checking accounts and bank cards to residential mortgages and business banking services.

Bank of America has a long tradition of service to community. Through grants, employee volunteers and other philanthropic activities, Bank of America hopes to improve the quality of life, to address the needs of education and to create an atmosphere which will result in a stronger and richer community.

In Clatsop County, the bank has provided grants for various arts, education and community investment projects and is a major supporter of community events such as the Great Astoria Crab and Seafood Festival, Astoria Regatta, and Seaside Beach Volleyball Tournament.

Bank of America has 85 branch offices in Oregon, and more that 1,300 banking offices and 2,200 Versateller ATM's in the West.

CITY LUMBER COMPANY

Meeting The Needs Of The Community Since 1905

We at City Lumber are very proud of our history, and commitment to providing material and services needed for the growth of the area. Our records go back prior to April 1st, 1905, thus firmly establishing our foundation at this time. Back then it was known as City Lumber and Box Company and was located at 198 - 12th Street. Sometime later, the company moved to the Foot of 9th St., and was known as City Lumber & Supply Co., specializing in coal and building materials. The lumber yard was located at 22nd and Commercial.

The Newenhof family, the present owners purchased the company in January, 1975. The Newenhof's have always recognized their responsibility to continue the tradition and reputation for meeting the needs of the area. Not only in the building supply business, but also in helping and contributing to worthwhile organizations and individuals finding themselves in unfortunate circumstances. The Newenhof's believe in the community they serve, and their investment in its future and growth.

Of equal importance to the Newenhof family are the City Lumber employees and their families. Having some of the most knowledgeable people in the building supply industry working for City Lumber guarantees its continued success and growth.

In 1984 they purchased the Seaside store - remodeling and restocking more hardware items was completed in 1993. The Astoria store remodeling was completed in 1994.

Today, a long way from its beginning, the company offers lumber, electrical and plumbing supplies, paints, hardware and wallpaper, window covers and a large indoor-outdoor lighting showroom at both locations.

PACIFIC POWER
THE RIGHT KIND OF ENERGY
"Expect More From Us"

988 Commercial, Astoria
325-5121

Astoria's first electric lights blazed at 6:40p.m. on Christmas eve, 1885, even before Astoria Electric company was incorporated in 1901. On June 16, 1910, Pacific Power and Light Company took over the Astoria Electric System, with their office located on the corner of 12th and Commercial in the Page Building. Electric service was extended to Warrenton and Hammond in 1915, Seaside and Gearhart in 1916 and Cannon Beach in 1928.

Astoria was the first western U.S. city to buy its power lines after the great fire in December 1922 burnt down most of the downtown Astoria area, including Pacific Power and Light's offices. PP&L temporarily moved to 10th and Exchange until January, 1925 when the office moved to 922 Commercial, in the Flavel Building, (Photo). In 1971 PP&L moved offices across the street to our current location at 988 Commercial.

Pacific Power now serves over 600,000 customers in six states. As in the past, Pacific Power is working hard to be your energy services company. And today we do more than just deliver electricity. We offer a wide variety of products and services to meet all your energy-related needs.

Thank you Clatsop County, for allowing us to be your energy services company. We look forward to serving you for years to come.

JCPenney

1343 Commercial Street, Downtown Astoria

Many people still remember the days when the Downtown Astoria JCPenney store used a numanic tube cash system for purchases and transactions. This system, similar to a bank's drive up window, incorporated a metal tube connected to a network of guidewires from each floor register to a cashier's cage on the second floor. The floor clerk would ring up the purchases at the register, then shoot the customer's money up to a cashier who would receive the money, make and return the change to the customer, all via these numanic tubes.

Those days are gone, but the same Downtown JCPenney store exists. Penney's has been a part of Astoria since 1913, and is one of the oldest stores in what is now one of the largest retail chains in America. The company was started by James Cash Penney in 1902 in Kemnerer, Wyoming, and was first named The Golden Rule.

ASTORIA GRANITE

415 W. Marine Drie • 325-0761

A French Stone Cutter named Paul Thompson arrived in Astoria in 1912. He started Astoria Granite Works in 1922. He built this building with salvage lumber from the Socialist Hall. In a small apartment upstairs, he raised 5 children, the youngest being Dick and Denny who took over the business in 1942, as teenagers, upon the unexpected death of Paul. The boys ran the business for 52 years, and in 1993 they retired. At that time, Russ Warr bought the business. Russ' desire is to try to carry on the tradition of quality workmanship that Paul Thompson so thoroughly instilled in his sons.

Hunt's Market

SVENSEN, OREGON

William Hunt built his first store down by the river in Svensen back in 1925. He sold gas and feed, and the store also served as a post office. A second was opened in 1932 at the Svensen Crossroads, and in 1934 a new store was built.

Thirty-three years ago, Wilham Hunt purchased a competitor's store and it became Hunt's present location. In 1970, Bernard (Tubby) Hunt bought the store from his father. In 1988, a major remodeling and expansion project was completed, adding 2,000 sq ft. to the building. In summer of 1995, new additions will be a loading dock, warehouse, frozen food storage and produce storage coolers.

CANNON BEACH LUMBER COMPANY

CANNON BEACH LUMBER COMPANY was founded in 1935 by Nels Jacobsen as a retail lumber yard to serve the Cannon Beach area residents. Subsequently, the business was operated by his son, Emmet Jacobsen, who sold it in 1973 to Kenneth and Rosemary Clark. It was incorporated in 1980. John Zoomers joined the company in 1987 acquiring a part ownership. Under the Clark/Zoommers leadership, the company has grown from being a one-man operation to 20 employees currently.

To provide better service to our north county customers, a 7 acre tract of land at the junction of Highways 26 and 101 was acquired in 1978. The area was blacktopped in 1990, and in 1991 a large warehouse and office building was erected.

CANNON BEACH LUMBER COMPANY, with our Junction Sales/Distribution facility, is now the largest building materials dealer on the North Coast, with an extensive lumber selection available, especially in cedar & pine products, outdoor wood and other specialty types of lumber. The company also features a fleet of six delivery vehicles allowing us to offer same day delivery service to our customers. We serve from two locations, Cannon Beach and Seaside.

DOWNTOWN ASTORIA
325-5421 • 1-800-359-0994
1092 MARINE DRIVE

TERRY HAHN AUTO PARTS is located in the Sanborn Building on 11th Street in downtown Astoria. The building is constructed atop old foundation blocks left from the great Astoria fire. At a time when Astoria was a livelier and thriving city, good times could be had at Amato's Supper Club, located behind the auto parts store. Many of our musician friends can recall such great names as Sammy Davis, Jr. and Lena Horn performing at Amato's.

Terry Hahn continued the auto parts business at the corner of 11th and Commercial which was established in 1940 as Smith Auto Parts, and later became A & M Auto & Marine Parts. Terry started a career in the field of automotive parts sales in 1961 as a young man of 19. He worked for Smith Auto parts for several years, and , in 1978, bought the Astoria store, renaming it Terry Hahn Auto Parts. In 34 years of experience in the business he's earned the respect and trust of many in his business community as a knowledgeable and honest auto parts professional.

Terry Hahn Auto Parts is an independent auto parts retailer. The store's operating philosophy . . . *provide customers with real hometown service and satisfaction. Professional counter technicians and friendly service along with quality auto parts at competitive prices are the operation's pledge to those customers.*

Englund Marine Supply Co.

was founded by Axel R. Englund in July 1944 as a retail and wholesale marine supply store. On July 23rd of this year Englund Marine will have served the general public, the fishing industry, and industrial and related industries in Oregon, Washington and California for 51 years. In the last 18 years this service has been expanded to include Alaska, Hawaii, and several foreign countries.

Englund Marine, which started as a small marine store on the waterfront at the Foot of 15th St. in Astoria, has grown to a chain of seven stores with an experienced crew of 28.

The Ilwaco, Washington store, which opened in July 1966, started the chain. In 1975, a store in Westport, Washington was opened. In 1979, Englund Marine purchased a marine supply store in Charleston, Oregon and in 1981 another store was purchased in Crescent City, Calif. In August of 1988, Englund Marine opened a Newport, Oregon store, and in January 1995, purchased a marine supply store in Eureka, California.

In 1993, we added a USCG Approved Life Raft Service Station in Warrenton. Fishermen can now service their life rafts locally.

HAUER'S

CYCLERY & LOCKSMITH
1606 Marine Drive, Astoria
325-7334

The firm was founded on June 15, 1946 by brothers Ed and George Hauer, located on 10th Street behind the old Astoria Budget building. We carried Schwinn Bicycles, Harley Davidson motorcycles and lawn mowers. In 1950 the company moved to 1180 Marine Drive. In 1958 George Hauer passed away and Ed Hauer continued the business until 1968, when he consolidated the business to just locksmithing. The business was located on 13th Street, next door to the Cinder's Restaurant. When sons Ed & Stan returned from the service in June of 1972 the firm expanded and moved to 289 7th Street, again carrying bicycles, lawn mowers and doing locksmithing. In June of 1975 we moved to our present location at 1606 Marine Dr. In 1990, Stan Hauer become the sole proprietor.

Hauer's Cyclery and Locksmithing offers to the North Coast a complete line of bicycles for riders age 2 to 102. We also offer cycling apparel, parts, tires, tubes and accessories. We have a repair department second to none and are able to repair all brands of bicycles. We service what we sell.

We offer a full-service locksmith shop for residential, commercial and automotive customers. Our line of security items include locks, safes, and keying systems. There is usually a locksmith available at the shop during regular business hours and we are on call 24 hours for emergency situations. People don't always get locked out during normal business hours. We have the largest assortment of key blanks on the North Coast. After stamping our duplicate keys with our name for 49 years - - we figure "We're in more pockets in this area than Uncle Sam." This year we have added espresso and bike rentals. We look forward to continuing our service to North Coast residents.

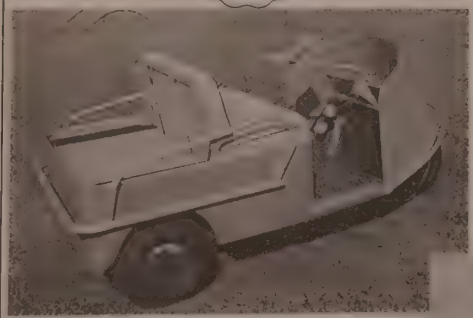
LEKTRO 1945 50th ANNIVERSARY 1995 WARRENTON, OREGON

FROM MOVING GOLFERS TO MOVING COMMERCIAL JETS!



Lektro's line of aircraft tugs continue in the same tradition. Lektro has been requested by airshows worldwide to assist in towing participating aircraft including such elite groups as the Blue Angels, Thunderbirds, and Snow Birds.

Lektro is proud of its local heritage and with its 25-30 employees, look forward to another 50 years of developing unique and high quality products in Clatsop County.

Lektro began operation in 1945 at the Beaverton Airport, rebuilding and repairing aircraft. In 1948, Wilt & Vi Paulson moved back to their home town of Astoria and relocated Lektro to the surplus Navy hangars at the Port of Astoria Airport, which Lektro still occupies 50 years later.

In 1985, at age 23, Eric Paulson, Wilt & Vi's son, became president of Lektro focusing on Lektro's unique aircraft tug line. Emphasis was placed on marketing, which included extensive international efforts. As a result of those activities, in 1994 nearly 40% of Lektro's sales came from exports.

Lektro's name and product familiarity is known worldwide. One attribute Lektro is most associated with is quality. Lektro's products are state-of-the-art and built to last. Many of its original products are still in use today including mink and poultry feeders used by local farmers, as well as golf carts, which can be seen in use at area golf courses even though they have not been built for nearly 30 years.

The Pig'n Pancake Story

PIG'N PANCAKE®

2 Locations
146 West Bond, Astoria
323 Broadway, Seaside

It all began in May 1961, when Bob and Marianne Poole opened the Pig 'n Pancake restaurant in Seaside. They began the business with $100 and $2000 worth of borrowed equipment. There was seating for only 35 and the restaurant closed each day at 2p.m. It reopened for dinner each evening as Botti's Italian Restaurant, operated by Sam Botti, the owner of the building.

Bob and Marianne eventually bought the building from Botti and expanded and remodeled the Seaside Pig 'n Pancake a number of times. The expansions have taken over one tavern to the west and two taverns to the east of the original premises. In 1987 the restaurant closed for 32 days and the building was gutted and rebuilt. In 1988 the Frontier Tavern and restaurant was purchased and incorporated, resulting in seating for approximately 235, and a large gift shop featuring works of artists and craftsmen from the Northwest.

In Astoria, the site of the former Lovell's Auto used car lot and garage and Woody's Drive Inn, was acquired in 1966. Located in the historic Union Town district of Astoria, the site was extensively remodeled and opened in January 1967 as the Astoria Pig'n Pancake. This was a time when fish processing, commerical and sports fishing, longshoring, and logging were flourishing. It too has been remodeled and expanded over the years to bring it to its present seating capacity of 140. It remains a favorite of local residents and tourists alike.

Bob and Marianne's three children, Linda, Wayne and Becki are now actively involved with Bob and Marianne in carrying on the Pig 'n Pancake tradition of excellence in family dining.

We take pride in the Pig'n Pancake's many unique speciality pancakes. Their recipes for Buttermilk, Swedish, Sourdough and French Batter pancakes are unique and are the original recipes that Bob and Marianne built the business on. Give them a try. We think you will agree they are delicious!

In 1962, Rolf Klep and a group of friends established the museum to preserve the rich and varied maritime heritage of the entire Columbia River region. The museum is administered by a paid staff of 22 and a large corps of volunteers. It is governed by a Board of Trustees elected by the 2000+ paying members of the museum.

Columbia River Maritime Museum houses an impressive collection of fishing and rescue craft along with 7 thematic galleries interpreting the region's maritime history. The museum offers both individual and corporate memberships for those dedicated to the preservation of the Columbia River's history.

The Columbia River Maritime Museum has earned a national reputation for the quality of its exhibits, making it the finest maritime museum on the West Coast. The museum is one of four museums in Oregon accredited by the American Association of Museums.

A handful of Wauna Mill Employees pooled their resources in 1967 to establish WFCU. Together, they saw the credit union as a great way to benefit each other. Members who save, provide the means for members to borrow.

In 1974, the WFCU charter was amended and opened to the community. The Field of Membership now includes **all** individuals who live or work between Rainier Hill and Warrenton-Hammond city limits and members of their immediate family.

The Astoria office opened in 1975 and now accounts for over half the membership. A merger with Longshoremen's CU in 1978 further increased the membership base.

Today WFCU continues to be "not for profit, but for people", serving the financial needs of more than 8,100 members.

A century of candy tastes good in Seaside

By C.V. HOLLANDER
Of The Daily Astorian

SEASIDE — Marguerite Phillips drops still-wet clumps of sugar-free chocolate and peanuts onto a tray, her hands working in the easy motion that comes only with experience. The peanut clusters to-be coat her fingers with goo as she dumps a few more nuts into the mix.

Her sons, Pat and Steve, are putting a batch of peanut brittle out to cool, ladling the sweet sticky stuff from a glistening bronze kettle to a table. Nearby, a machine that puts the final chocolate coating on confections churns in endless motion, a miniature waterfall of rich brown liquid dropping in a sheet over a belt, empty for the time being.

"You ever see that 'I Love Lucy' show?" Steve Phillips turns to ask. There's only one show he can mean: the famous chocolate factory episode, the one where Lucy and Ethel get jobs making candy. The conveyor belt carrying the chocolates goes haywire, and the two stand there in their net caps with bon bons going all over the place and Lucy stuffing handfuls into her mouth.

Does that happen here, where chocolates have come off the belts under the Phillips name since about 1936?

"Yeah, once in a while," Steve Phillips concedes with a smile, "when the phone rings and the chocolates are coming out and we've got people up front."

After more than 90 years, Phillips Candy Kitchen sits at the same Broadway address where Marguerite Phillips first hired on as a 16-year old summertime assistant for Henry Stewart's candy store, Pool's Candy. Stewart

Steve Phillips pours hot peanut brittle onto a cooling surface. The peanut brittle recipe is one of many handed down through the years.

wasn't around much because he was busy running his Astoria cigar store, so the high school student learned how to make candy and how to run the store.

Later, she married John Phillips and the two bought the store, raising three sons in the comforting glow of a kitchen filled with the sweet smell of warm chocolate. Two of their sons thought enough of the business to stay on.

And business at the store is always good – after all, there will always be a demand for candy. People come in for a pound of Rocky Road, or peanut clusters "by the ton," Marguerite says. But things weren't always so sweet.

"No one bought pounds of candy during the Depression," she remembers, herself a local girl working for someone else back then. People would buy pieces, or maybe a quarter pound if they were feeling flush.

That wasn't the only difference. Seaside of the early century was a slow quiet beach town, with almost no businesses open through the winter, Pool's Candy included. Few highways ran out to the North Coast from Portland.

"Four hours was really chugging along, and that meant not too many flat tires," Phillips recalls. Come June, though, the summer people returned to their beach houses and the store reopened for business.

These days, business goes all-year round. Weekends are always busy, as is Christmastime. And orders for their candy come in from regular customers across the country, along with the Tillamook Cheese company and Made in Oregon products.

One of Steve Phillips' candy theories involves the link between color and flavor. Put a black piece of salt water taffy in your mouth, he insists, and you'll taste licorice even if the candy is flavored with vanilla.

Other elements of the candy business have changed too, like the quality of the flavorings candymakers use. A strawberry flavor, for instance, used to come from the laboratory rather than a field.

"It was mostly chemicals, with almost no strawberries in it. With the right color, you could just about get it," Steve Phillips says. Get it? One of Steve Phillips' candy theories involves the link between color and flavor. Put a black piece of salt water taffy in your mouth, he insists, and you'll taste licorice even if the candy is flavored with vanilla.

Phillips must be doing something right, because the store even gets requests for salt water taffy from the state where that chewy confection began – New Jersey.

It's no surprise people from the Garden State crave Phillips Candy taffy, Marguerite says.

"There's butter and sugar in ours, so it breaks down after a while," the candy matriarch proudly explains. "Not like theirs."

Apparently, taffy from New Jersey lasts forever.

TOP LEFT: Pat Phillips stirs one of the many candies that are made daily in the back of the shop. Phillips monitors the temperature of the butter-sugar mixture with a thermometer attached to the side of a kettle.

TOP RIGHT: Marguerite Phillips mixes peanuts and sugar-free chocolate together to make peanut clusters.

LEFT: Marguerite Phillips places sugar-free peanut clusters on a tray. The tray will sit in front of a fan where they can dry.

MORRIS' OREGON GLASS SERVICE

ASTORIA & LONG BEACH

Insurance companies, contractors and others throughout the area agree that when it comes to GLASS REPLACEMENT, MORRIS' OREGON GLASS SERVICE stands head and shoulders above the rest. Rob and Sally Morris started their business in 1973 in a small part of the Consolidated Printing Co. building that many may remember as the old Dixie Bakery building.

In 1979, they purchased and expanded into the entire building. In addition to their Astoria location at 669 Duane St., they opened a branch office in Washington in August of 1991. This shop is located at 2401 N. Pacific Hwy. in Long Beach.

This prominent firm has established a record of dedicated service to business people and homeowners of the area by serving their needs promptly and reliably. Whether it involves auto glass, storefronts, windows or doors in your home, shower doors and mirrors, or anything made of glass, this is a company that is in business to serve. Their list of many satisfied customers is their best recommendation. Robert & Sally and staff would like to thank their many valued customers. Your business is always appreciated.

COLUMBIA ORTHOPEDIC CLINIC

550 22nd • Astoria • 325-5625

"The best possible care for each individual patient."

Columbia Orthopedic Group was founded in 1975 by John M. Foster, M.D. In 1978 Dr. John W. Swanson joined the Group and purchased it in 1981. The clinic was renamed Columbia Orthopedic Clinic in June of 1981. John W. Swanson, M. D., received his medical education at the university of Iowa and graduated in 1970. He served a one year internship at Harborview Medical Center in Seattle and then spent three years as a general practitioner in the United States Air Force. Dr. Swanson then spent four years doing specialty training in orthopedic surgery at the University of Minnesota in Minneapolis. He is a diplomate of the American Board of Orthopedic Surgeons, and is certified by the Arthroscopy Board of North America. Dr. Swanson specializes in total hip and knee replacements, arthroscopic surgery of the knee, shoulder, ankle and elbow, endoscopy carpal tunnel surgery, plus other lower extremity injuries.

The Columbia Orthopedic staff includes a Physician's Assistant, Patrick A. Ambiel, P.A. Mr. Ambiel graduated from an American Academy of Orthopedic Surgeons sponsored P.A. program at Foothill College in Los Altos Hills, Calif. in 1973. Mr. Ambiel's specialty training followed a four-year enlistment in the U.S. Air Force Medical Corps. Mr. Ambiel specializes in acute injuries including foot and ankle sprains, hand fractures, and post operative care.

Ruth Anderson

Pete Anderson Realty, Inc., Better Homes and Gardens is celebrating it's 20th year of business on the Oregon Coast. Established in 1975. Pete Anderson opened his first office in Seaside with 3 sales associates. Even through some reputedly "slow" years in the industry, Pete Anderson Realty, Inc., Better Homes and Gardens has had a planned, sustained growth, with each being better than the previous year. Today, 8 offices span the Oregon Coast from Astoria to Newport with 57 sales associates ready to assist you with your real estate needs.

Pete Anderson Realty, Inc., Better Homes and Gardens is proud to be the #1 top producing company in Clatsop County. The sales associates in our Astoria and Seaside offices worked very hard for this distinguished honor.

We feature a system approach to the marketing of real estate with the Better Homes and Gardens Home Marketing System, a distinct point of difference from the traditional real estate marketing techniques. In addition to a large inventory of individual pre-owned homes, new homes and building sites, we have some associates who devote much of their marketing efforts to commercial and investment properties. Additional services include a referral department, security and maintenance department, an "in-house" continuing education system, and affiliated Real Estate Schools in Seaside, Tillamook and Lincoln City.

Andrea Mackey

Over our history, Pete Anderson Realty, Inc., Better Homes and Gardens has enjoyed a steady upward growth, averaging around 15% growth per year. In 1994, our total of listings sold and sales closed was $84,965,294, surpassing our best year by over 6 million dollars in listings sold and sales closed.

If you don't already know them, stop in and meet the top produces in Clatsop County for 1994. We look forward to many years of serving our community with all of their real estate needs.

In addition to our offices in Astoria and Seaside, we also have offices in Manzanita, Rockaway, Tillamook, Pacific City, Lincoln City and Newport for your convenience.

Della - Melissa - Lorne

Della and Lorne Aikens moved from Lake Oswego, Oregon in October 1975 to Gearhart, Oregon.

On February 14, 1976 they opened The Beach House at 212 Broadway in Seaside (450 sq. ft.) offering beach items and printed shirts and accessories to the local beach trade.

In December 1979 the Aikens purchased the M&M Building in downtown Cannon Beach through a partnership, from Margaret and Dick Atherton. The Cannon Beach store started in 1978 consisted of 300 sq. ft. offering the same items for sale. The Cannon Beach property was continually remodeled; now renting property to other tenants and 4000 sq. ft. to the Beach House.

Seaside property was purchased from Margaret and Bill Manspeaker in 1988 and a new 8500 sq. ft. building was completed in 1989.

The Beach House continued to expand their inventories in both locations and have become the largest independent retail clothing store on the North Coast; supplying ladies wear, mens wear, childrens wear to local families and the tourist industry. Casual dressing and beach wear and accessories fulfill the needs of our customers.

We are proud of Melissa Berman the manager of our stories and the 10-17 employees who offer pleasant, courteous service to our customers, most of them shopping with us for many years.

The Aikens have been committed since 1976 to invest in the local community and improve the quality of the appearance and life in Seaside and Cannon Beach, Oregon. They will continue to support our civic organizations, city officials and local charities.

We are proud to be part of relaxed atmosphere of the coastal communities and share the beauty of the area with our customers and many friends.

The Compleat Photographer opened in April 1977 with the intention of providing affordable camera, darkroom and picture framing services to patrons. Its expansion and growth attest to the need for such a store and the satisfaction of customers. The Seaside store opened in 1985 adding a UPS shipping outlet and PassPort photo service. Owner Chuck Meyer wanted top quality photographs so he put in a Noritsu mini lab in June 1990. In 1995 the Kodak CopyPrint station was added. Now prints from prints can be made without the negative. The Frame Shop continually expands its lines of pre-cut mats and frames, mirrors and supplies for do-it-yourself people. The quality of their custom work is well known and admired. The Astoria store displays on impressive camera museum and a historical photograph collection.

Edward D. Jones & Co., is now the nation's largest investment firm by number of offices, with 3,318 offices in 49 states, 6 offices in Canada, and 3,347 registered representatives. Founded by Edward D. Jones Sr. in 1943, as a conventional St. Louis investment firm, the company merged in 1943 with Wittacker & Co. whose history dated back to 1871.

Jones' motto is "Bring Wall Street to Main Street, USA." The offices are usually manned by one representative in towns between 10 and 30,000 population. The company has a conservative philosophy, it's representatives live in the communities they service and as local representative George House says, "It's my client's money, but my reputation."

The Astor Street Opry Company begins a new decade with a new location, a new performing space and some new ways to enjoy theatre.

The ASOC has moved its offices to the old Bethany Lutheran Church. Office hours are during the summer season. Performances for the yearly melodrama **SHANGHAIED IN ASTORIA** will be at the Astoria Eagles Lodge located at 9th and Commercial in Astoria. The ASOC also presents dinner theatre productions 4-5 times per year. Productions are Friday through Sunday evenings and the price includes an excellent buffet dinner cooked by Lynne Pelletier and 4-Seasons Catering. The new decade also offers theatre goers the chance to see quality entertainment and save money! Memberships are now available to people for $15 per year. Each new member will receive $1 off each admission purchased (up to $12) plus a discount on ASOC souvenirs and the ASOC newsletter 4 times a year. For more information about the Astor Street Opry Company, its productions or about membership, please call 325-1786 or 325-6104.

J & S APPLIANCE
SALES SERVICE PARTS

Jim and Shela Pierce started their business in 1984.

In May of 1990, J & S moved to their present location, expanding their sales floor for quality reconditioned appliances, in-store service and available technicians.

In mid 1991, J & S found the need to expand their fleet, parts, service and office personnel to fill the communities needs.

1992 brought further expansion. Noting increased customer requests for new G.E. appliances, J & S brought in a ***full line of New G.E. & RCA appliances.*** J & S services the appliances its sells.

Jim and Shela Pierce and their staff have been offering reliable, reputable, friendly and highly-trained appliance and refrigeration repair service. J & S and their staff have over 75 years of combined experience and a reputation of "Going the extra mile" to achieve customer satisfaction. They will be here tomorrow for you.

Video & More

Open late Mon.-Sat. 'til 9pm
Open Sunday too

Scott and Alice Forsythe opened their business in October, 1984 as UNIVERSAL VIDEO. In January, 1994 they changed the name to BLUE MOUSE ENTERTAINMENT to reflect the joint role that name played in their personal history as well as the history of Astoria (Scott's dad owned Blue Mouse Theatre in Portland from 1947 to 1976 - in Astoria there was a Blue Mouse Theatre in the 1920's). In the spring of 1994 they remodeled the store expanding into the space next door, effectively doubling their size. At the same time they repainted the interior and exterior and just generally spruced things up. Be patient they have lots more projects in mind. Meanwhile, they continue to offer one of the best selections of classics and back titles in the area resulting in compliments from such far away places as Indianapolis. All the extras like audio books, Sega, SNES and nintendo games are also available. In the spring of 1994 they imported from the bigger cities what has proved to be a very popular special on all their back titles: 3 movies 3 days $3 or 5 movies 5 days $5. They continue to rent vcrs, and game equipment to better service their customers. They encourage people to make suggestions for movies or games that they would like to rent or buy. So stop by the BLUE MOUSE - Scott, Alice or their staff will be happy to take your order for that special movie or game or show off their growing collection of Blue Mouse memorabilia. And if you happen to have an old photograph or other piece of trivia regarding the old Astoria Blue Mouse Theater or a memory of the Portland Blue Mouse, please come in an share. Scott of Alice would love to hear from you.

Video Horizons prepares to enter it's second decade bigger, better and stronger than ever before. Recently remodeled, the Astoria location can now boast "state-of-the-art" entertainment center. A whole new interior design allows for more new releases, greater ease in selection, and a cleaner and brighter atmosphere. Also new to the Astoria location is a "live" game area, where customers can play four different game formats by the half hour or hour...the only one of its kind in Clatsop County.

The film knowledge of the employees, the low-cost rental prices, including multi-day rental packages now, the library of film rarities, classics, and "midnight" movies, and drive-up window set this store apart from all the others.

The Astoria location also houses an "Audio Room", where the largest selection of used tapes, CD's and record albums in Clatsop County are sold.

A second location, Video Horizons East, was opened in April of 1989 in Svensen.

OFF TRACK WAGERING FROM

PORTLAND MEADOWS TRACK AT THE MERRY TIME RESTAURANT AND LOUNGE

995 Marine Drive, Astoria • 325-5606

Merry Time Restaurant & Lounge's building is not new to Astoria. It is, in fact, a survivor of the great Astoria fire of 1922. Many taverns have operated from here prior to May, 1986 when Fred Van Horn Senior, and Fred Jr. bought the business and re-named it Merry Time Museum and Tavern.

In the spring of 1987, the Oregon State Legislature authorized off-track wagering. But it wasn't until March of 1989 that the Merry Time Museum and Tavern began offering off-track horse wagering from Portland Meadows, and May of 1989 began Greyhound wagering from Multnomah Greyhound Track.

The Merry Time was one of five original off-track wagering facilities throughout Oregon. Merry Time has year-round wagering including Horse Racing from Portland Meadows and Greyhound Racing from Multnomah Greyhound Track. In February of 1991 Merry Time received their hard liquor license and changed the name to The Merry Time Restaurant and Lounge.

Since this change the restaurant has been expanded to do triple the food service. We have a variety of specials including Prime Rib Special every Friday, and among others is our famous Halibut and Chips. Karen says these are so like home cooking its like being a kid again. The main reason for that is her mom is the chef, and we all know "There's nothing like mom's cooking."

The Aardvark Video and Espresso (formerly Video Horizons West) offers more than a great variety of films. The Aardvark also offers a Public Fax, Tillamook Ice Cream, Gourmet Coffees and Espresso from Anderson-Frigenti, Honeyhill Frozen Yogurt, Fresh Pastries, and many other delights one won't find at other video stores.

Video offerings include a wide range from new releases, to old favorites, including foreign films as well as independent ones. Top this off with a variety of game rentals and even books on tape.

All this convenience has recently been complimented by an inviting new open path to SUBWAY Sandwiches next door, serving any of your needs in a warm and comfortable environment. There are many reasons to make The Aardvark your favorite place for video and more.

Local owner, Chris Cummings, has been involved in the video business for 11 years. After assuming this store last year, she has built her stores' identity based on independence and variety, emphasizing individual customer service, in a friendly atmosphere. Customers are encouraged to take advantage of The Aardvark staff's extensive video knowledge and sincere enjoyment of film.

New Owners!
Paul and Connie Sanders

Astoria Auto Wrecking has gone through a big change since February 1, 1995.

The BIG CHANGE is we have a new owner PAUL & CONNIE SANDERS.

Paul and his family came here thirteen years ago to make a new start. With fifteen years business experience and twenty years transmission repair Paul was able to get a job at Astoria Transmission. He had to work very hard to gain the trust and respect of the people of Astoria, and it paid off. Five years ago he purchased Astoria Transmission from Chuck Gleason.

Chuck Gleason had decided to retire and asked Paul if he would like to purchase Astoria Auto Wrecking, Astoria Towing, Astoria Muffler and Brake Center.

After much consideration Paul and his wife decided that they would purchase the business and try to make a change of things.

They are giving their business next to the Old Lewis & Clark Bridge a whole new look. They are painting, putting up signs, organizing and cleaning up the yards. They plan on replacing their whole fleet of tow trucks. They have already bought a 1992 chevy 1 ton that will get a wheel life added on to it, and plan to buy one more this year, and hopefully two more next year.

They thought they would let everybody know what's going on with Astoria Auto Wrecking & Astoria Towing.

Please feel free to stop by and see what's HAPPENING!

The Original Hauke's Store

The store had been located at 3177 Marine Drive since its founding in 1890. The original building was rebuilt in 1916.

We're Proud, And Deeply Appreciative For Our First 105 Years.

In 1890 when Hauke's first opened for business, the east end of Astoria was little more than bare land.

The original store offered groceries, meat, hay, feed, hardware, crockery and fishing supplies. Orders were taken in the morning by the driver of the horse and wagon, and delivered in the afternoon.

Erik A. Hauke

Hauke's

In June 1978, a 20,000 sq. ft. building was built at 3300 Lief Erikson Drive where the store remains at this time.

In Feb. 1985 Hauke's expanded service by opening a 2nd store known as Bayside Sentry, located at 668 West Marine Drive, Astoria.

In July of 1987 Hauke's Sentry expanded again, creating a full service Deli, Salad Bar, Bakery and Fish departments, coffee shop and catering service for any event.

Last year Hauke's Bayside had new expansion with the creation of their own full service Deli, Bakery and coffee shop, including an automated Espresso Machine.

Now We are Working On Keeping This Tradition Going ... With The Same Friendly Service And Competitive Pricing

Both stores are owned and operated by Skip Hauke.

In March of 1991 we began a new advertising program in The Daily Astorian. This campaign "Hauke's Super Savings" has created two Super Heroes...Saver Shield Man and Nameless Companion.

It also gave us the opportunity to provide Tongue Point Job Corps Center and Astoria School District a forum to inform the community of their activities with "Hauke's Community Corner".

Both Hauke's and Bayside Sentry Markets are proud of our over 100 years as a family business. We are thankful for the success we have achieved through these years. More importantly, we appreciate the continued support of our friends and customers in the community who have made the years, and success possible.

To show our appreciation, Hauke's Sentry Markets will continue to try to be as responsive to your needs as possible.
